

brightens up because of GOD's delight. If you said with true love no other word but that one, you would be saying a prayer pleasing to GOD.

### Words of the SAVIOUR

„Do not be afraid! Before you commit a sin out of weakness, the FATHER knows that you will sin. But He only shuts His heart if you persist in sin and want to sin thus turning a certain sin or many sins into your hideous gods. Smash every idol, make room for the true GOD! Then He will descend in His glory to sanctify your hearts, when He sees that He is the only one in your heart.“

Make your hearts a Heaven! Start your living together with the Most High! Then the Heavenly FATHER will say to you: „You make Me happy, My child! Thank you.“ Amen!

### GOD the FATHER

The feast of GOD the FATHER was first celebrated by the Sword-Bishop on 3 July 1988. In the preceding days he explained to this:

We celebrate, for example, Christmas and Easter as high feasts referring to GOD the SON. Likewise, we celebrate Whitsuntide as a high feast in honour of GOD the HOLY SPIRIT. Similarly, the Church observes many feasts of Saints. Incomprehensibly, the Church does not solemnize a feast of GOD the FATHER! In acting on our authority as a bishop and in particular as the Instrument of JESUS CHRIST we introduce this feast of GOD the FATHER in the name of the Church as a perpetual feast, according to JESUS' words: „Whatever you bind on earth will be bound in Heaven!“

I am very pleased as Sword-Bishop to be allowed to celebrate this feast with you, who are entrusted to me by GOD. Give the Heavenly FATHER everything which your heart is capable of.

It is precisely because we are so wretched that this will soften the heart of the FATHER so fast. I ask you again: strive to achieve love by your zeal. May the following phrase guide us through life: „I fear that I may offend Him whom I love!“ That is the true FEAR of GOD!

My dearly beloved, before GOD we are always beggars, however, with this feast we want to shower GOD the FATHER unselfishly with presents, without asking anything for ourselves. HE is the Bestower – ever infinitely and immeasurably generous.

Ask all the Saints of Heaven to cooperate with us to the delight and glory of the Heavenly FATHER.

According to the Sword-Bishop in 1988

My dearly beloved! I heartily welcome you to the high feast of our Heavenly FATHER.

The Heavenly FATHER did not cease to proclaim that the Church should introduce such a feast to His glory. Unfortunately, neither the official Church nor other valid ecclesiastical communities have done this. And so Heaven turned to me about this request, and with great delight I introduced this two-day high feast.

If I now were to preach about the love of our Heavenly FATHER for His human children, human words would be insufficient, and so this sermon, too, will be no more than a dry-run.

### **The „Our FATHER“ Is the Greatest and Holiest of All Prayers**

How often do people pray: „Our FATHER ...,” and just thoughtlessly rattle off these words without any emotion of the heart. My dearly beloved, I call such a prayer an offence against GOD! I even call it cursing! The Name of GOD is so holy, never must it be uttered without reverence. Nevertheless, I do not mean that you are only allowed to pray when you are on your knees. Kneeling is an additional demonstration of love indicating: „I worship You! I embrace You!” It is also human that you have to keep struggling for prayerfulness. Praying means: I turn to my Heavenly FATHER with a childlike heart. Perhaps you have other loving salutations. You know, the “Our FATHER” is the greatest and holiest prayer of humanity. The SAVIOUR Himself, GOD the SON, has gifted us with this prayer!

### **He is the FATHER of All Fathers**

As I am in the habit of saying: man comes from GOD, through father and mother on the earth. Still before the earth, the heavenly stars existed, the Heavenly FATHER in His divine thoughts had already seen every soul with His whole love and affection. Consequently, He loves you from all eternity with divine, immeasurable love. From everlasting He knows all your ways, your worries, your joys, your thoughts, anything which moves you – just anything.

He is your FATHER! He allows a mortal body to be created in the womb of the mother through human fathering. Into it He lays or breathes the immortal soul destined to it from all eternity. Now this mortal body is a human being! For it is the soul which accounts for the unique personality of man. The soul, created by the FATHER, makes you a son, a daughter of the Heavenly FATHER.

### **Talking to the FATHER in a Familiar Way**

Therefore, official, daily prayers are not enough. Every father will love it when his child talks to him spontaneously and familiarly. How much more the Heavenly FATHER! But at the same time one should be eager to purify and sanctify oneself all the time. It would be haughty, self-righteous, presumptuous, yes, absolutely unloving, if you wished to come and spontaneously stand before the Heavenly FATHER, without always being willing to repent of your sins and to mend your ways.

### **GOD Sees into Your Heart**

Consider: not the good and nice words will please the Heavenly FATHER. He sees into your heart and is pleased about the emotions of your heart! Do not, therefore, so much look for words with your mind, as for ways to talk to Him as your heart prompts you. Then the word „FATHER” will have a wonderful sound for the Heavenly FATHER. „FATHER, FATHER!” must you say. You must not tire repeating this word. Every time you exclaim „FATHER” with your heart, Heaven
