

questions would be: „What could we be doing together? What would you fancy doing? With what can I please you?“ The obvious question is: „How can I please GOD in order to please my neighbour as well?“ – That is love! The strict Paul says: „Husbands, love your wives as Christ loves the church.“ Fire must burn in a marriage. It is to be kindled daily. I mean by that not only the flesh but affection, patience, forbearance, understanding and more “you” than “I”. –

Love the Evil Person, but Not the Evil He Does

Deal with the sinner lovingly but loathe the sin he does. Who knows whether GOD may not bring you into contact with a bothersome person that you may lead him to Him. Maybe just by one sentence. Perhaps only with a gesture – with a good example. In fact, what makes me personally sick are self-righteous people. Yet we are all sinners and we are all trying to struggle our way up to GOD. And believe me, I have a few good ropes to pull you up. True love has divine instructions for use. Enter into it and you will be able to pass on true love. Amen!

Love – Main Commandment

(Part Two)

To Love Means: To Make GOD Happy

Love today is utterly misunderstood. By love, in the world today, people understand physical union. If this does not happen according to GOD's instructions for use, it is not love! There is only one love in the universe, and that is GOD. GOD has no love, He is love. Only that which is of Him, is love. – Yet who can understand and return this love? – Therefore I say: „Give GOD pleasure – make Him happy.“ Holy Scripture is pointing the way.

Take an Interest in Your Neighbour, Your Husband, Your Wife

Take an interest in the character of your neighbour. Thus I will come to know and love the person better. If I want to love my neighbour, then I will be able by first wanting to love GOD. For love comes from Him – the power to love. In my heart I have to ask myself the question: „How can I best cope? How can I treat a difficult person with love – how can I do him a favour – my husband, my wife, children, neighbour?“

The “self” of the husband says: „Come, wife, let us go to the football field – let us go to the pub to meet my mates.“ – The “self” of the wife says: „Let us go to the disco – let us go to the dance hall.“ Neither can get very enthusiastic about the suggestion of the other. But why? Here, the “self” has expressed its wishes thinking to give the other pleasure. Bear in mind, my vis-à-vis has a different character, other needs and is disappointed. What pleases me does not necessarily have to please the other. Particularly as each human being today is not like yesterday and tomorrow. Good
