

world. He who does not come up with something new all the time is "out", will fall by the wayside. Balberit, the evil spirit of wrath and impatience, finds enough opportunities to enslave mankind through restlessness. So that you just do not find any time any more for a little prayer. „St Uriel the Archangel, we pray you, always defend us victoriously against this evil spirit of wrath and impatience!“

### Saints Have Fought All Their Lives

You have no other choice: You must keep fighting! Holy you are if you are constantly struggling and wrestling, all your life, for your virtues. You can also walk with the confidence of a child holding his FATHER's hand, ignoring the evil spirit saying: „I am a child of GOD! Off with you!“ Be assured: GOD will help you. This He usually does through fellow-men. I, too, have been given to men to help them. Yet do not expect any spectacular miracle. Sin in the world is too great for such a thing actually to be allowed to happen. But I am always allowed to grant you grace and strength so that you can bear your fate more lightly, maybe even with joy.

### What Will the Future Have in Store?

My beloved, times are not getting any better. At terrific speed we are even heading for hard times. The Evil One's tactics are to turn the people into populace. That happens when religion and morality decay. The law-makers will make ever sharper and stricter laws so that you will hardly be able to do anything any more without infringing on a law. Through ever higher taxes the population is enslaved. Against this superior strength the mob will one day rise up with violence and terrible things will happen. Then someone will go and stand on a platform promising with smooth words: „Here I am! I will restore law and order for you!“ Did we not already have something similar under Hitler and others? Once the people have been won over, the computers will be switched on in order to locate the Christian communities. These will be got rid of first since they would be a nuisance to the anti-Christian appearance. For this zero hour the computers have been "fed" long since with suitable data.

### Persecution of Christians

A persecution claiming blood. – „Fear not those who kill the body and are not able to kill the soul; but rather fear him that can destroy both body and soul in hell!“ (Matth 10,28) But it has not yet come to that. And should it happen to you all the same, would going into Heaven as a martyr not then be the most beautiful thing – being sure of Heaven?

My beloved, much more tragic and dangerous is the befuddlement of the people. That, too, is persecution of Christians! In this mist the people are no longer aware of the fact that they are losing their faith slowly but steadily. In this smoke they are no longer aware of the fact that they are

---

more and more slipping into a false religion and are losing the truth. The dilemma is that they think themselves to be more pious than they used to be because they engage in religion and humanitarian activities. Pope Paul VI called out publicly: „The smoke of Satan has entered the Church right to the top!“ – If only at least a quarter of the priests could fall in love again with GOD as we know from many saints, then salvation could still happen despite the alarming worldwide situation. Because theology can become blurred – but never can love!

## **The Seven Archdevils**

Like never before the seven archdevils are at work today. At the same time we ought to know that in each archdevil there are legions of demons, see Holy Scriptures (Mark 5,9). This may sound old-fashioned, but it does exist. Is the devil not always the old one, the old-fashioned one? In one thing he has changed, though. He uses a very successful tactic: He who does not acknowledge the enemy as an enemy has already been defeated! He who does no longer believe in the existence of the Devil is already caught in his net.

### **Arrogance, Pride:**

In it Leviathan is embodied, the archdevil of pride! It is he who gives those in power, those at the top, and not these alone, dead-pan faces so that they are no longer able or willing to recognize and own up to mistakes. If only mankind would call upon st Michael the Archangel again, the Angel of humility, as did Pope and Bishops, emperor, kings and people in ancient times. It is he who defeats arrogance and pride with ease.

### **Unchastity and Immorality:**

Has the world not become a giant cesspool like Sodom and Gomorrah? Asmodeus, the archdemon of unchastity and immorality, dominates mankind with this sin. Even over-ninety-year-olds, who would not be susceptible to such at all, suffer from these temptations. Call upon st Raphael the Archangel. He defends you from this evil spirit.

### **Sloth and Religious Indifference:**

More and more often I have recently been shown that at the moment it is not the archdevils of pride, envy, avarice, unchastity, etc. who are the strongest

---

tempters but the archdevil of sloth and religious indifference. Asterot is his name. At present he is the most dangerous and most successful archdemon! The dangerous thing about him is that his work is not felt as sin. One only thinks: „How tired and weak am I.“ It is he who is lulling mankind into a false sense of security so that it remains indifferent. All power would be granted to st Baraquel the Archangel to protect you victoriously against this archdemon.

### **Avarice, Profit-Seeking:**

Never before has there been so systematic a plundering of the earth. Be it the exploitation of the earth's resources, the exploitation of the world's oceans, the exploitation of people, also especially of children, nay, even the smallest mountain farmer is forced to exploit his own spot of ground in order to make a living. It is Mammon, the archdemon of avarice and profit-seeking, who with his killer instinct stops at nothing only for profit's sake. Is it not so at the moment: Even if the whole earth together with mankind goes to pieces, the economy must thrive, the money-bag must be right. See how the world has fallen prey to him! „St Gabriel the Archangel, we pray you, always defend us victoriously against Mammon, the evil spirit of avarice and profit-seeking!“

### **Envy, Jealousy:**

They have become commonplace, be it at work, in the families, indeed even in the Church. Christian togetherness in love of our neighbour can hardly be found any more. In st Yehudiel the Archangel you might be able to find a mighty helper in the battle against Beelzebub, the evil spirit of envy and jealousy.

### **Drunkenness, Gluttony:**

It is sad to stand by and see so many young people being dominated by drugs and addiction to buy things. They do not realize and know that also here an archdemon is involved: Belfegor, the evil spirit of drunkenness and gluttony. You young people: pray entreatingly and flee to st Sealtiel the Archangel, he will protect you and free you from these chains!

### **Wrath, Impatience:**

Day by day faster and faster is the word! Today, not only tomorrow we must have our wishes fulfilled. Within hours one wants to reach every spot of the
