

remains. I do recognize in the Name of GOD the hidden faults of men but I find it very difficult to point them out. I must come to the point of not giving in to my feelings but only of fulfilling the holy Will of GOD.

## Seek the Salvation of the Soul

Man is seeking much too much the salvation and welfare of his body, that it may be well with him, that he does not have any pain, that he passes his exams ... I mean, that is only fair. For that we gladly give our blessing because we have also received our power of blessing from GOD for that purpose. But what about the salvation of your soul? If you are only concerned about the body, if you do all possible exercises of piety with your body, if the hand of your body holds the rosary and the knee of your body remains kneeling before the Blessed Sacrament, if your soul, however, is dead, what use is it to you then? The body, no matter how many holy things it has done, cannot enter Heaven without the soul. Body and soul must be in tune with each other. They go to everlasting bliss together or to eternal damnation together. Amen!

# Sermon

of the *Sword-Bishop*

## The Sword of GOD

My beloved! It is right, I carry a sword, a spiritual sword. But which ideas do people form of it? How often is it misunderstood by viewing it as a weapon that strikes home mercilessly, inflicts wounds, is able to kill. The sharpest part of this two-edged sword of GOD is love! The one who thinks otherwise does not understand the love of GOD. The one who wields this sword in the Name of GOD – the Sword-Bishop –, for the purpose of saving souls must often do things that are very painful for himself. Love is often misunderstood. True love is seldom returned.

## The Sword of Love and Light

The sword has two edges. The edge of love demands of me that I act according to GOD's will, yet in meekness and patience. Tirelessly I pray for this love of GOD. That is the first part of the sword. Now, however, the purpose of this sword of GOD is to be used in its further characteristic features, until finally it will be a sword of the pure light of GOD separating light from darkness, separating what is GOD's from what is Satan's. „For the word of God is living, active and sharper than any double-edged sword; it penetrates even to dividing soul and spirit, joints and marrow, and it judges the thoughts and intents of the heart. Nothing in all creation is hidden from His sight, but all things are naked and opened before the eyes of him to whom we must give account.“ (Heb 4,12f)

But do not fear because I say that the first part of the sword is patience and meekness and that now the other side is turned. You must not understand that in human terms. The side of love, of patience and meekness continues to exist and will, if GOD helps me, even increase. In addition, however, this sword is meant to point out hidden sins and imperfections for the salvation of the soul. That has nothing to do with threat, for love
