Feast of the Innocent Children Child Murder Today

Part Two

The innocent children were so horribly killed at Bethlehem. But what happens in our days by abortion? – As soon as the man’s sperm melts together with the woman’s egg cell, new life comes into being: the embryo. And as soon as its heart begins to beat, GOD breathes the soul into it. Whoever kills this life commits deicide, soul murder, homicide! That is a death-bringing sin.

Creation of the Soul

GOD reveals to me many things of inconceivable greatness, which one cannot possibly put into words. If, however, there are matters which He wants me to pass on, He will explain them to me as one would to a child, and then I do find words to express them. In this way He once showed me how He creates the soul.

Then I saw lying in GOD’s hand a little ball of light about the size of a table-tennis ball. This little ball was pure, divine light. In His omniscience, GOD the FATHER foresaw the whole life of the person who was to receive this soul. With loving care He weighs everything He is going to put into this soul. He foresees dangers and accordingly puts strength into the soul. And in order that this person may have support in temptations, He places in addition to his Guardian Angel people on his side to help and support him. To this GOD also adds difficulties for man to be strengthened. And in this way GOD weighs a lot more and puts various things into the soul until she rests in His hand, perfect and unique, well-equipped for her earthly life.

saying to them: „Increase and multiply and fill the earth ...“ (Gen 1,28) After all, as a normally developed, sound man I am not allowed to approach every woman who pleases me, either. GOD has created sexuality, and everything He makes is always beautiful and good. With it, however, GOD gave also an order. If you do not obey this order of GOD, you separate yourself from GOD, you commit a sin.

My beloved, I truly see what is going on in the world, what the matter is with the Church. Believe me, it is for your sake that I take upon me many struggles which I should not have, just to understand you.

At the present feast of the Innocent Children I say to you: love GOD and give Him pleasure. Amen!

Sermon of 30 December 2007

JESU CHRISTI

Full of love and joy about this new creation, GOD chooses from among the choirs of Angels a Guardian Angel for the newly created human soul. First the Angel goes to Mary so that she may show him what man is like: that he is weak due to the flesh and inclined to sin, and that for this reason the SAVIOUR came on earth in order to redeem mankind. Otherwise the Angel would have no understanding for the weaknesses and sins of the person entrusted to him, and who in so doing violates GOD's Commandments. Now GOD sinks the new soul into the embryo whose heart has just begun to pulsate. Full of love and joy He now looks at the development of this child for He is FATHER to this child. All of a sudden, in the midst of this His joy: abortion! The creature only just made in such perfect love, as well as the joy of the Guardian Angel, is flung back at the face of GOD the FATHER: „Nothing doing! We do not want it! We kill what You have made! We only want the pleasure ...!“

Man Takes Part in GOD's Creative Power

My beloved, who created sexuality? Without any doubt, GOD did! And what He makes is fantastic! There is no question about that. But why has GOD given this to man? Because He wanted man to take part in His creative power. Yet GOD reserved the creation of the soul for Himself. He gives the human being His divine breath, the soul. Otherwise the being procreated and born by man would be equal to an animal. This respect of the creative power which man received from GOD has been lost. Today it is taken for granted that even school-age youngsters have sexual intercourse. It is considered quite normal. Sexuality is seen as a mere means of lust.

Victim Souls Temper GOD's Judgement

Behold the greatness of GOD's love – its inconceivable greatness! There is so much awful blasphemy on earth, and yet He is still looking on and lets it happen. He is still waiting for man to change his mind after all. He still gives us the opportunity to temper the prophesied punishments. We cannot avoid them anymore; it is too late for that. They actually would have happened a long time ago, had there not been hidden privileged victim souls who entreatingly ask GOD for mildness and mercy. A polarity reversal has been prophesied for the earth. What do you think would

happen if this occurred in a sudden instant or if a comet struck the earth? – GOD has accepted the expiations and allows the reversal to take place more slowly and therefore more mildly. The period of time during which this must occur remains the same. We sense that time passes faster. Do we still have time?

„They Are Falling into Hell like Snowflakes.“

(Words of the Mother of GOD at Fatima)

I do not like the thought of it taking too long because so many souls are falling into hell. The majority of the Church leaders stand idly by. The Pope once said that the Church will become very small but she will not perish but arise anew for it is written: „You are Peter, and on this rock I will build my church, and the gates of hell shall not prevail against it.“ (Matt 16,18) As for the Pope and the Bishops as spiritual fathers of GOD's children, should they not have been ringing the bells for a long time, should they not be weeping and lamenting for the souls who are falling into hell like snowflakes? Should they not be shouting: „Repent!“? Should they not move heaven and earth in order that humanity may return to CHRIST's Gospel? In order that the true faith and morals may be taught at schools again, that the Main Commandment may be lived and taught again ...? They no longer see – they are not able or willing anymore to see that heresies and blasphemies are proclaimed everywhere. They would have the opportunity of opposing them but they fail to do so for else heads will roll.

Homosexuality

Speaking of which, GOD wants me to say the following: sexual practices among persons of the same sex, be it between man and man or between woman and woman, are an abomination before GOD! It is satanic! In the book of Leviticus it says: „Do not have sexual relations with a man as one does with a woman; that is detestable.“ (Lev 18,22) If a person were to have an inclination for his/her own sex, be it by birth or by false education or by bad company, this inclination does not cancel GOD's Commandment of chastity. Man is not to abuse sexuality in an unnatural way. GOD has given it to man in order that he may provide offspring and share in GOD's creative power: „And God blessed them [man and woman]
