

We Should Be Fighters of CHRIST

We have been confirmed. We should be fighters of CHRIST. Not against people in the first place but against ourselves, against the inner temptations and then against evil.

Many years ago I saw in a vision how GOD arranged for the weapons of the Guardian Angels against evil to be men. And the weapons of the Evil One are those men who are in bondage to him. I am sorry for the Guardian Angels, whose protégés are like flabby rubber swords. Evil, however, has so many people who are like cruel swords made out of the hardest steel. These are the ones who belong to the Devil and who for the most part do what is pleasing to the Evil One.

There are three Churches: the Triumphant One in Heaven, the Saints – the Suffering Church, the Poor Souls – and the Church here on earth, the Militant Church. We must fight. What kind of fighter are you?

Example of the Parents Fighters of CHRIST

My beloved, I heartily welcome you to the Holy Sacrifice of the Mass. Today we celebrate the feast of the holy Apostle Peter. The holy Apostle Paul teaches: The priest must be careful that the Holy Sacrifice of the Mass is not a mere matter of procedures which are strictly followed but that it rather comes from the heart (see Letter to the Hebrews, chapter 8). Everything must come from the heart of the priest. Only then will it be beneficial, only then does it come to life.

The following words are spoken by the SAVIOUR mainly to those consecrated to GOD. But I think these words are equally important to the people in the world in order that they may ponder over them and use them according to their situation. „If anyone would come after me, he must deny himself and take up his cross and follow me. For whoever wants to save his life will lose it, but whoever loses his life for me will find it. What good will it be for a man if he gains the whole world, yet forfeits his soul? Or what can a man give in exchange for his soul? For the Son of Man is going to come in his Father's glory with his angels, and then he will reward each person according to what he has done.“ (Matt 16,24ff)

Nowadays the world is no longer focused on GOD. I, nevertheless, say that we are not to think that we must preach to the people or show them what very pious Christians we are. All our preaching is of no use if we do not behave like Christians. We should convince our neighbour with a good example and a simple, sound attitude of faith. We ought to act wisely without exaggerating.

Porn Films Enslave You

There are many pleasures in the world which are honourable and constructive, which we are allowed to enjoy. But everything which is sinful,

which drives you away from GOD, I expressly mention porn films, enslaves you. With deepest grief I witness that the majority of the people can no longer be without sex and porn. The sin against the sixth Commandment is not necessarily the greatest of sins but it is the most dangerous one! It is like quicksand! In quicksand all other sins are lurking. The smoke of Satan covers the earth and even the most pious person has to deal with this smoke of Satan. Now the important thing is: are you a soldier of CHRIST or are you a softy? A famous warlord, who once had to deal with a very dangerous situation, only picked out virgin men to attack the enemy and he was victorious with them.

Temptations are no sin. Therefore, I could often say when hearing confession: „You have not committed a sin, you have struggled!“ When sexual thoughts arise, when the Evil One goes for you, when he whispers in your ear, then just say: „No!“ Do something else or go away from the place of temptation.

Parents Should Give a Good Example

Woe to the fathers and mothers who watch porn films at home and whose children are forced to watch them too. Three times woe if they do not have the grace to go to the confessional. Similarly abominable is today's sex education at most schools. Children are seduced rather than told the facts of life. I can tell you: a child will be dependent on the one who wakes him up sexually. Dear parents, do you want your children to trust you or do you want them to be dependent on the schoolyard or the streets?

Children should also learn from their father and mother to be kind and good to one another. Parents should never argue in front of their children. Never! If necessary, they can discuss their problems later on when they are alone, as e.g.: „You said this or that – what did you mean? How should I understand it – what do you think of it? Did you not overreact or could you not have said things more kindly? It seemed a little harsh to me!“ Children learn mutual love and respect from their parents. Time and again I experience: if a child has a very special affection for his mother then he will often have a special affection for the Mother of GOD as well. If a child has a father who is too strict, then often the relation to GOD the FATHER will be disturbed. So you can see how important it is to have a good, harmonious family life. The children should also be able to go to their parents with all their problems even if they have done something seriously wrong. Then the parents must not react as if they were shocked but listen to the children quietly, calm them, explain to them and admonish them. They should give to the child the con-

fidence that he may come back again next time. Of course, there are circumstances and issues, especially in puberty, which children do not like to discuss with their parents. But then, my beloved, we are always there to give advice and to help.

The Year 2010 – Dedicated to St Joseph!

We have dedicated this year to st Joseph, the nursing and foster father of JESUS CHRIST, and we did this with a special reason. Although he has many patronages, he is primarily the terror of the evil spirits. We must ask him to cause the enemies of the Church to stop triumphing.

There is only one Church. It is the Church which JESUS CHRIST Himself has founded and which is to stand on the first bishop – Peter, the Rock! It is this Church that possesses the seven holy Sacraments! In the Old Covenant it was sufficient for man to be righteous, faithful to the Law. In the New Covenant, in which the SAVIOUR died on the Cross, GOD wants a Church of love, not articles. GOD wants to speak into the heart, not into the mind. We must implore this love of Him.

A Blessing May Cast out Evil

The clergy no longer know what the blessing of a priest can achieve. When thinking of the great exorcism for example, how many signs of the cross are mandatory, again and again, it is done in an almost orthodox manner. Can a priest still believe in the power of his blessing if he is constantly blessing?

So far, it has been enough with me when I ordered the Devil to leave with one single blessing. As Sword-Bishop I was once called to France to an exorcism. At my arrival several priests were present. The person possessed, a boy, had been put in chains because the Evil One often raged in him terribly. Then I ordered: „Take off the chains!“ The priests answered: „That is not possible, Lucifer himself is in him!“ I said: „Oh well, the old one. All right, but by what authority do you actually command? Who then is stronger in your view, Lucifer or GOD?“

Of course, we are poor sinners, miserable, but we have received a mission from GOD. We have been ordained in order that the HOLY SPIRIT will bring about through us what we intend to do if we do what is pleasing to GOD. With a single blessing I was able to set this boy free when he tried to go for me because holy wrath was burning inside me!
