

could have a better understanding of family problems than st Joseph? He had to suffer serious, very serious hardship, he had to flee across the border with his family.

I would be so grateful if you prayed at least one 'Hail Mary' every day for those who do not pray at all. Look, there would be no growth without the sun and everything would be bound to die – even we. Our body needs this light. But in us there is something else: the soul! She is much more hungry and thirsty than our bodies. She also needs light – the light which is GOD Himself. If you stop thinking about GOD, if you stop praying, then she withers like a rose of Jericho. Thus dried it can be kept for years in the loft. But as soon as you give it water and light, it will open out in no time and will start to blossom. It is the same with the soul: as soon as she is brought into the light of GOD, she will blossom again. Therefore I do not tell souls who are in death-bringing sin: „I am through with you!“ but „When will you come back?“ – Never say: „This or that person will never be converted.“ For with GOD everything is possible. Let it be done just as you believed it would! So remember the one 'Hail Mary' for those who do not pray. Amen!

Excerpt from the sermon of 18 March 2012

Years of Darkness Youth and World

At the time when I founded the Children's Prayer Storm by GOD's command, many prophecies circulated. People were mainly talking about three days of darkness to come. Some are still waiting for them, others have given up. But prophecies are not there to be explained but to be recognised when they happen. I am talking about the darkness which has been lasting for years, not for days – a spiritual darkness. Those people who talked so much about this prophesy in those days do not realize that this darkness has already come true. It is as with the Jews back then when the Messiah came: they knew that He would come; but when He had come, they still did not realize it.

The Spirit of Darkness Strides from one Victory to the Next

This spiritual darkness existing for years is much more appalling than what has been predicted about the three days of darkness. Should GOD, therefore, allow these three days of darkness to come, order would be restored within a short period of time. In these three days there would be a dividing of the spirits, and only those who give glory to GOD would stay alive. However, at the moment the demons are celebrating victory after victory. I am inclined to say that they will soon be unable to celebrate any more victories because meanwhile they have conquered everything. And people are so blind that they do not notice. This victory reaches into the top of the Church, indeed, the evil one reigns all the way up there.

Just look, how young people are living today. They do not have the faintest idea of GOD's 10 Commandments. But to me it is even more

shocking to observe the older generation living in this way. They should know the Christian doctrine. Where are the things they learnt in the past? The children and young people of our days do not receive this teaching anymore and hardly know anything about GOD. I have met fifth-formers, fourth- und third-formers, who do not even know the sign of the cross. They do not know anything at all about GOD, Mary, or the Christian faith. They know the ins and outs of the Islam and other religions, but they do not have the faintest idea what the Catholic Church is. „The teacher has taught us about the Islam and other religions, but not about the Catholic Church,“ I have heard pupils say. In many schools they call for Islamic teachers who teach about Islam. Homosexuals are invited to explain to the children what homosexuality is, or lesbian women, who pass on their experiences to the children. But the Catholic priest is no longer allowed to teach. – Darkness has come! Not just for three days, but since many, many years.

If GOD actually said: „Enough!“ right away, up to 80 per cent of mankind would perish. It would not be a triumph for Mary, though. For it has also been prophesied that Mary will triumph. So if GOD says “Enough”, He will first shake the earth in such a way that even the most narrow-minded, most stubborn person will be seized with fear and horror and will have the chance to say: „My GOD!“

„When Will You Finally Return to Me?“

Horrified I have to stand and watch some of my spiritual children leave me, leave GOD. For I am not the Instrument of the New Christians, but the Instrument of JESUS CHRIST. I, too, feel what hurts the SAVIOUR in so far as He allows me to feel it. Therefore, I am enormously pleased with those who remain faithful, and tremendously pleased with those who return to GOD.

Recently someone who had returned, wrote to me that he would probably be the very lowest of the low to me and to the New Christians. No! Do you know what I hear from GOD if someone has left because the world, the imaginary freedom has lured him or her? GOD says: „When will you finally return to Me? Be assured that I will help you.“ And then, what joy if this person returns! Leaving GOD, turning one’s back on Him is terrible and hurts. Not talking to Him anymore hurts very much. But then again, you are not

so big that GOD would have difficulties because of you. He can fix everything if only you are willing. Go to a priest and ask him for forgiveness of your sins. He can tell you in the name of GOD: „I absolve you of your sins!“

The Things with Which the World Catches the Youth

The evil one is eager to tell you: „Confessing your sins – for GOD’s sake no! What would the priest think of you?“ Yet I tell you: We, priests, have great respect for every person who, in the confessional, has the courage to say: „I have sinned!“ We all know the story of the prodigal son, do we not? I know that the world tempts. I am not a puritan and I am not so rigid that I will forbid people to do anything at all, that I do not grudge you your fun.

Do you know what things the world catches our youth with? With this damned music: hard rock, heavy metal and whatever they are called, with which these ‘musicians’ simply vent their spleen. I understand that young people have to get their pent-up frustrations out of their system, but that is not the way to do it. That is no music but organized noise. Music is melody. I examined everything myself once, personally went to discos for this purpose because I wanted to see and listen for myself what it is like in there. The music is very loud because the young people are supposed to forget everything, they should go into a trance so to speak. And anyway all you hear is just: boom, boom, boom. I suddenly felt my heart, my breath rebel against this rhythm. This rhythm wanted to force my heart to beat in a rhythm which is harmful to the human heart.

I do not reject everything. But just turn off the sound of the television when your idols are performing and have a closer look at these boys and girls without sound. At such concerts it is often seen that mainly girls fall into hysteria and pass out. Why then? If you met GOD or your Guardian Angel, you would have every reason to faint. For you would not be able to bear the beauty, the purity and this forcefulness with your bodily eyes.

One ‘Hail Mary’ Every Day
