

he still remember the past? It would be a lack of confidence. If therefore someone says: „I have so gravely sinned that GOD cannot forgive me anymore!“, that would be an abomination to GOD. For GOD says: „I am Who I am!“

However, if you say: „Dear GOD, I promise You: as soon as I have grown a little older, I will begin to lead a holy life“, and you die earlier, then this resolution will be of no use whatsoever to you. Maybe you will have a somewhat less terrible existence in hell, suffering only a little of hell; but it will be horrible far beyond your imagination.

### Your Guardian Angel

People make much too little effort to call on their Guardian Angels. We have such a mighty, heavenly spirit as a companion. He is more close to you than your father, mother or any other person. He has been sent by GOD to look after you. But as GOD respects your free will, so your Angel also has to respect your free will. Parents, it is your duty to tell your children about their Guardian Angels. Teach them to say little, simple prayers such as: „My Guardian Angel, I love You!“ Amen!

### Palm Sunday Renewal of Baptismal Grace

My beloved, today the Church celebrates Palm Sunday. When in those days the people in Israel heard that JESUS had raised Lazarus from the dead, even though his body was already decaying, many of them had gathered in Jerusalem because it was the feast of Passover. When they heard that JESUS was coming, they went to meet Him with palm branches in their hands and shouted: „Hosanna! Blessed is He who comes in the name of the LORD!“

### Honouring GOD in Your Heart

Nowadays people go to church with palm branches and call out likewise: „Hosanna! Blessed is He who comes in the name of the LORD!“ – Yes, the SAVIOUR comes down on the altar indeed. – But then they go out into the world again and by not doing what is pleasing to GOD and by ignoring His Commandments, they shout, just like the people in those days did: „Crucify Him!“

The people rejoice, they make the most wonderful palm wreaths, but in their hearts nothing happens. Many go to church only because it is a tradition, because their parents, grandparents and great-grandparents also went to church on Sunday. They say their prayers along with the others and believe themselves to be pious.

### Profanations of Divine Worship

More and more often GOD has recently been showing me what is wrong with the world and the Church. I have to force myself very much not to cry out what I see. The world keeps luring with its temptations and we,

---

who proclaim GOD's Commandments, are being laughed at as being behind the times whereas we are much younger in heart than all the others.

The SAVIOUR says: „It is always the profanation of divine worship, of the law of God that provokes the punishments of Heaven. By turning the House of God into a robbers' den, those worthless priests and those worthless believers (only such by name) were drawing malediction and death on all the people.

It is useless to give this or that name to the misfortunes that make a people suffer. Look for the right name in this: Punishment for living like brutes. God withdraws and Evil advances. That is the result of a national way of living undeserving to be named 'Christian'.

As in the past, also now, in the short period of this century, I have not ceased shaking and warning people by means of prodigies. But as in the past, I did nothing but draw mockery, indifference and hatred upon Myself and My means. But individuals and nations ought to bear in mind that they weep in vain, when beforehand they did not want to acknowledge their salvation. In vain they invoke Me when, while I was with them, they drove Me away with a sacrilegious war that starting from individual consciences, devoted to Evil, spread throughout the Nation. Fatherlands are not so much saved with weapons as they are by means of a form of life that may attract protection from Heaven.“ (from "Poem of the Man-GOD" by Maria Valtorta, volume 5, chapter 588)

### **GOD is Love and Justice Alike**

With all His heart GOD wants man to be happy and to live in peace. But in His love GOD is also just. If the world is so full of sin, so full of devilish vapour, how can He possibly give love in return? And yet He does, but in His own distinctive way: He withdraws from man more and more. And we, GOD's instruments, find it increasingly difficult to ask GOD for graces in favour of the people.

### **There Are So Many Sick People**

When I am out and about, I occasionally stop and sit down in a road pub to watch people passing by. It strikes me more and more that over 50 % of the people are mentally affected. Small wonder! They do not know the first thing about GOD and yet call themselves Christians. The SAVIOUR tells me: „They no longer deserve to be called 'Christians'! Can a political party be called Christian, if they endorse abortion?“

### **The Two Trees**

Sacred Scripture should be in every Christian home. In it are JESUS' words, those of the Apostles and those of the Evangelists. The Apostles were together with the SAVIOUR for three years and knew the SAVIOUR personally. We learn our faith from Sacred Scripture. It is the guarantor of our faith.

In addition to Sacred Scripture GOD gives us many revelations through numerous privileged souls such as Anna Catharine Emmerich and Maria Valtorta. That way you will come to know the SAVIOUR more personally. These words move your heart and so your faith can come to full fruition.

In the Church there are two trees: the tree of theology and the tree of philosophy. The tree of theology is the fruit tree bearing the Christian doctrine, faith. The tree of philosophy is an ornamental tree bearing very beautiful blossoms and leaves, but no fruits. It is helpful to shape faith. Now the tree of philosophy has become proud, it has been looking down on the tree of theology and has crushed it to death.

### **Being Free in GOD**

If you stand up for GOD, then GOD will give you an assurance in your heart, which makes you free, believing, trusting. It will make you so free that you can easily renounce the world in order to become a monk or nun for example.

We must make our faith attractive to other people – following the Commandments with a smiling face. If one day I were told: „Crucify him!“ I would be very frightened. However, I would go anyway because I would consider myself a coward if I did not. As such I would not like to go and stand before GOD – oh no!

Many martyrs did only suffer part of their torment. The other part was covered up by the HOLY SPIRIT so that they did not feel the pain anymore. They saw how GOD looked on them with joy. What did Stephen call out: „I see heaven open and JESUS standing at the right hand of GOD!“? Such visions are so intense that the martyrs no longer perceived the torture as pain.

### **Confession Renews the Grace of Baptism**

If a person repents of his sins and goes to confession with a firm resolution to sin no more, then he will be as pure as a child after Baptism. Why should
