

will never be tired of looking at Him: the FATHER, the SON, the HOLY SPIRIT!

Every Suffering Will Be Turned into Glory

Nothing is impossible with GOD. He can bring back all dead bodies. You will be given an immortal body for the Last Judgment. There the decision will be made: those who enter Heaven will receive a transfigured body; those who go to hell will receive a terrifying body. The transfigured bodies are no longer defective. That is to say, if someone had been e.g. a hunchback during his earthly life, his transfigured body will no longer be deformed. On the contrary, this person will have a charm of special beauty because of the suffering he endured on earth, making the most beautiful rainbow grow pale.

In Heaven every suffering will be turned into incredibly shining glory. If the SAVIOUR appears and if He wants to show us, what will be most shining forth in His colourful, unheard-of splendour? His Wounds. Amen!

Sermon of the *Sword-Bishop*

Precious Blood Glorious Body

My beloved, we celebrate the feast of the Most Precious Blood. When the SAVIOUR died and His heart was pierced by a lance, blood and water gushed out. With this Precious Blood of JESUS our sins can be blotted out for it is not just human blood but divine Blood. But we must accept this divine Blood, repent of our sins and pray GOD that He may cleanse us by virtue of this Precious Blood. He who has all power divested Himself of His divine Majesty in order to walk through the earthly dust for 33 years enduring great hardship. He sacrificed Himself by allowing His creatures to cruelly kill Him in order to redeem them.

When I go up to the Altar and stand before it, I look at and focus on the cross, on the Heavenly FATHER, on the HOLY SPIRIT. This continues to be so until I go and stand behind the Altar in order to begin the Holy Sacrifice of the Mass. Then the SAVIOUR appears before me mystically above the Altar. It is similar to the picture in our missal. On it a priest can be seen celebrating the Holy Sacrifice of the Mass. During Holy Consecration someone took a picture as it was the priest's First Mass, and after developing the picture the SAVIOUR, life-size, could be seen above the Chalice on the cross facing the priest. From His feet His Precious Blood flowed into the Chalice. I knew this priest personally.

The Holy Sacrifice of the Mass Blots out Sins

Venial sins can be blotted out by attending the Holy Sacrifice of the Mass, for, after the confession of sins, the priest says: „Pardon, absolution and remission of our sins grant us the Almighty and merciful

GOD!" However, people must still confess themselves of grave sins in the confessional as they used to.

If someone says that he has no sin, he is a liar. A woman entered the confessional and told me that she could not think of anything to confess, she did not have any sin, she did not do such things. So I said to her, intentionally exaggerating: „Dear GOD, I thank You! You have finally sent a saint to me into the confessional, like Mary, the Mother of GOD ...“ At that she was really startled, and said: „No, no, I am not a saint!“ So now I could ask her: „Why not? To what extent are you lacking in sanctity then?“ – „I still have some problems with this or that ...!“ Then I said: „Now you have really confessed!“

Some other time, when a female penitent had finished her accusation, I sensed that there was still some big “lump”, of which she ought to accuse herself. Since I am not allowed to reveal sin and since it would not be helpful to the penitent either, for she must accuse herself of her sins, I carefully asked if there was still something worth mentioning. Having thought about it for a while she suddenly said in passing: „Well, I was so upset because of my next-door neighbour that, in an outburst of rage, I said to other people that she was a whore, even though it is not true.“ Then GOD showed me a ribbon above this person on which these words were written: „Character assassination!“ According to the teaching of the Church this is a very grave, yes even death-bringing sin.

The 10 Commandments – Instructions for Use

In order for men to be able to live in peace on earth, GOD gave man the 10 Commandments, which are like instructions for use for our earthly lives. Without them it is impossible to live in harmony together. For people are so different, everyone is unique. Therefore GOD says: „Do not lie, do not steal, it will cause nothing but war. Do not be unchaste, it will cause nothing but problems and at worst the mother will be left alone with a child ...“

If we keep trying to focus on GOD with the help of the 10 Commandments, with GOD's grace flowing from the Sacraments, then we have the chance to go to Heaven. For in the end there are only two options: a life with GOD or a life with Satan. Heaven or hell.

„When Will You Return?“

It is not GOD who damns the sinner, it is man who condemns himself. The all-powerful GOD did not create man that he should die, but that he may live for ever in Heaven. Thus His love wants it to be. There are so many great sinners in this world and to no one GOD says: „You will go to hell!“ but He asks: „When will you return?“ Our Heavenly FATHER and also the Mother of GOD want but one thing: „Child, come back!“

There is a huge joy in Heaven if a sinner returns because in Sacred Scripture it says: „There will be more rejoicing in Heaven over one sinner who repents than over 99 righteous persons.“ Someone might say: „What about us, who have always tried very hard to make sacrifices and do good? Do they in Heaven not appreciate us?“ My beloved, that is love! Perhaps this can be understood by those fathers and mothers who have a problem child. Does a mother or father love this problem child of theirs less or more than the others? Neither more nor less, it is just a different kind of love, a caring love.

What Is True Piety?

Just do not believe that being pious means praying 100 rosaries daily. Just do not believe that being pious means that you must point out other people's faults. Just do not believe that you have to pull a wry face in order to be pious. No, being pious means: practising virtues! In fact, a pious person should be happy or rather, it is like having two hearts: one heart is laughing, the other one is weeping, but weeping only behind closed doors that is.

However, no matter what hardships we are going through at times, what are these few years on earth compared to an eternity with GOD?! Do tell me, how beautiful must Heaven be that one can be perfectly happy there forever?! Heaven is so fantastic, so incomprehensible! My beloved, our body will be returned to us at the Last Judgment, but it will be changed, of course. And if we have a body, we will need firm ground to be standing on and in order to be able to walk. Why should the planets, the stars not also be transfigured? We will be able to go to these stars at the speed of thought because GOD is everywhere. But I can tell you, the best part in Heaven is that we are able to see GOD the way He is! In Heaven we
