

the possessed woman cried out: „This cursed poison salt of the Sword-Bishop! – How it burns, this cursed salt! – It almost knocks out our muzzle!“

### The Giver of Life

When travelling widely, seeing the very beautiful and pompous churches, and I have to sense that in many of these churches the SAVIOUR is no longer present in the Sacrament of the Altar, then it hurts me very much. The churches are furnished with treasures, precious vessels and costly liturgical vestments in abundance, but the true treasure is missing.

What therefore we particularly need is the worship of the HOLY SPIRIT. It is He who can give new life to the Church again. Amen!

### GOTT Dwells among Us Building Stones of the Church

Dearly beloved, we have houses here on earth, in which the living GOD is present in Flesh and Blood. In the Monstrance or in the Tabernacle the SAVIOUR dwells as the Glorious One, as Conqueror of death and every sin. Can we show enough appreciation for it? In each Holy Sacrifice of the Mass, wherever it is celebrated, the LORD personally comes on the Altar, bread and wine become Body and Blood of JESUS CHRIST. Those who want to can receive Him and speak with Him in their own heart. As you know, true, deep love does not say many words. Usually one cannot find any words for that which one feels. It is the same towards GOD. Deep love can hardly be put into words. There are moments in which you have to say: „LORD, look into my heart. I cannot express what I feel for You!“

### Sacrament of the Altar – Root of Priesthood

The Churches, the houses, in which GOD is present in the Most Holy Sacrament of the Altar, are dwellings of GOD. If now the clergy, the religious, those consecrated to GOD do not have frequent visits to the SAVIOUR in the Sacrament of the Altar, lingering before Him, very much at heart, they have no true love of GOD. GOD in the Sacrament of the Altar is surely the root to which we must be united. If the pope particularly calls upon the priests: „Go out, go to the people!“ it is just. The priests, however, who go out must be rooted in GOD. In the house of GOD the priest must buy

the ticket so as not to run the risk in the world of falling into the snares of the Evil One.

### **GOD Should Shine out**

We must not only be satisfied for ourselves. Hell is fighting with a vengeance to ruin people. Many give in out of weakness. You should not primarily go out and preach but the HOLY SPIRIT who dwells in you should shine forth from you. The more man is rooted and founded in GOD, the more translucent will he become, the more will GOD shine forth from him.

A saintly person does not even have to talk well – the mere presence of such a person does the job. GOD can work in a saint in such a way that his voice, his smile, simply everything about him speaks – more than when he would say the best words. It is not a matter of talking and explaining a lot. Merely with the presence and the wish to help people, the HOLY SPIRIT will work.

Females should radiate something which resembles Mary, the Mother of GOD. Men should have something of st Joseph about them. Priests should radiate CHRIST. However, this is not possible by turning a switch or by acquiring something like a programme. No! „Tell me with whom you go, and I will tell you who you are,“ says a proverb. That is the key to it – then the words will be put on your tongue.

### **The Christian – a Living Building Stone**

The “Church”, that is not only buildings, but every baptised Christian is a living building stone of the Church and together they form the mystical Body of CHRIST. You, too, are a building stone of the Church; you, too, should have the HOLY SPIRIT within you. Of course, among them are also brittle, very imperfect stones. And unfortunately, I have to say: the Church is in a very wretched situation!

When I am looking for songs of the HOLY SPIRIT, I am usually disappointed because they do not express this mighty power of GOD the HOLY SPIRIT. He is an elemental force! And this elemental force, particularly because it is the SPIRIT of GOD, has room in your heart. Therefore, it says: „We are temples of the HOLY SPIRIT!“ At least you should or could be. It goes without saying why you must not expose this temple of GOD to public disgrace. Neither would you go to the red light district or into a tavern with a Monstrance, in which the SAVIOUR thrones.

### **Pope Franziskus I**

He says chiefly very good things and he has such an easy way of doing it that every child will understand. Now the bishops ought to be behind him and give him moral support. They should spread the message which he brings. Unfortunately this is not the case. The priests are at odds with one another. They want the celibacy to be abolished; they want women to be ordained women priests and more besides.

This pope mainly encourages today’s youth: „You must swim against the tide!“ It actually makes perfect sense. We do want to reach the source of faith and this source is GOD. If we go against the flow, then we will also encounter struggles.

### **Saint Michael Salt**

„The smoke of Satan has entered the Church right to the top!“ Pope Paul VI called out publicly in those days. This smoke is constantly around us and we still do not see it. Therefore, the holy water is so recommendable. When you are coming home, take holy water and cross yourself saying: „All evil away from here, JESUS CHRIST, do You reign in me!“

In the beginnings of my activities at an exorcism, Saint Michael salt, blessed by me, was used, which we also put into our holy water. Then
