The Dark Tunnel of Trial

Love is when I am really nice to my neighbour without having to have feelings of love. It must be the same with GOD that you do not always have feelings towards Him. Indeed, there may be times when you have to go through a terrible, dark tunnel. These are times of severe trial. Many people walk three quarters of the tunnel or even more and then become frightened: „Things are not getting better, I am going back,“ and they sink deeper and deeper. They give up, walk out on GOD. They turn back, but they do not manage to walk all the way back. Had they walked just a little further, they would have seen the bend of the tunnel and also again daylight. Amen!

Sermon of the *Sword-Bishop*

True Love Little Ship of Humour

My dearly beloved, I quite heartily welcome you to the Holy Sacrifice of the Mass on Sunday. I hope and wish that my words will bear fruit in your hearts. Some day you will stand before GOD and He will not judge you at your discretion or after the ways of the world, but according to His divine standard.

True Love

What subject should be given more priority in preaching and talking than love. Not about love as people often imagine it, but about the love which comes from GOD. Look at the cross: the vertical line – the love of GOD towards men and of men towards GOD; the horizontal line – man passes on this love to his neighbour. Love of GOD – love of neighbour!

Do not be angry with me, but regarding love the world is in a wretched state. Forgive me for constantly speaking about the power of this love. Forgive me, but I have only one wish, that you please GOD and be happy in Him.

The world speaks so much about love and yet precisely the world seldom understands what love is. By love people usually mean sex. It is true that it is one of man's strongest natural instincts, but you can change the power of this drive, e.g in order to be successful in your professional life. Nobody will become a saint without struggling. Never forget: not your natural instincts should guide

you, but your spirit should wear the crown and wisely rule, worthy of love, over your body. It is often heard said: „I am going to marry so that I can have sex!“ That is not love! It is selfishness! Love means showering your neighbour with it and being able to do without. But today people are already corrupted at school, indeed, even at the nursery school with the gender-doctrine and the like. And who is teaching this to the children? For the most part those who had several divorces themselves or those who speed up homosexual relationships.

To please GOD – My Greatest Delight

My dearly beloved, I do understand the view of the world, but I am GOD's Instrument, not the world's. Neither am I your Instrument, but only His Instrument to see to it that you may have harmony among yourselves. The greatest delight which you can give me is: to please GOD!

I keep hearing: „I have neither feelings nor sensations of love for GOD!“ Do you still not understand? Why then did the SAVIOUR go to the Cross, to die in such a dreadful way? It was love. His love for us brought Him to the Cross. With just one thought He could have made the world cease to exist. No! The sinfulness of Adam down to the last man had to be atoned for before GOD – because of righteousness. In every Holy Sacrifice of the Mass this act of love of CHRIST is mystically made present.

I am reluctant to talk about myself and yet I have to speak: „When I begin with the Holy Sacrifice of the Mass, then all of a sudden the SAVIOUR is mystically before me on the Cross – above is GOD the FATHER, below the SON on the Cross and above the Altar GOD the HOLY SPIRIT in the form of a Dove in a tremendous light. The HOLY SPIRIT achieves everything which the priest does at the Altar. Therefore every priest should cherish deep gratitude and love towards GOD the HOLY SPIRIT. The priest must be validly ordained, though.

Imitating the Saints

We have many wonderful Saints such as Mary, the Mother of GOD, Joseph, the foster and nursing Father of JESUS, John the Baptist and many others. It is not enough to just celebrate the feasts of the Saints. You must make yourself familiar with their lives and imitate their good examples to the best of your ability. What I cannot stop admiring with regard to the Saints is their simplicity of heart. Of course, Saints also prayed the Rosary, the breviary and other prayers of the Church, but they all made a particular habit of personal prayer, the personal conversation with GOD. If you take great care of your dialogue with GOD as you go along, you will experience His loving instruction. – Never have I met a person who is as plain as GOD. Why then do we have to play the professor with Him? If you become simple of heart towards GOD, if you talk with Him as you talk with a father, you will become deep in GOD.

GOD does not speak into your mind, but into your heart. Your heart is the stove which ought to be burning for GOD. The priest really must see to it that he speaks from the heart. During a sermon I once slightly complained to GOD that I lacked the ability to preach and so on. While still pondering on it, I suddenly saw on the people's shoulders something like a dove – GOD the HOLY SPIRIT in the form of a Dove –, keeping His eyes fixed on me and whispering the things I preached into the ears of the people in the best possible way. That gave me comfort.

The Little Ship of Humour

In order to conceal from people how I really feel, I outwardly always show humour, although inwardly I feel quite different. For your sake I make funny remarks so as not to burden you with the gravity I experience on account of the situation of the Church. When a couple of days ago I had a bit of a bad conscience, whether or not I am lying when I am play-acting, GOD showed me a very beautiful image:

I actually saw what looks like an ocean of sin – also in the Church – an atrocious, loathsome sewer. The mere sight of it would be
