

is dregs of sins or imperfections – then grace will not be so effective any more. On such great feast days graces will pour down from Heaven by the bucketful. But in order to receive them you must open your hearts. Do tell it to your Guardian Angels, they will know how to find the lid. All you have to do is long for it.

As a matter of fact, every human being should emanate something, if he is really anchored in GOD. He should radiate the LORD. Well then, I am expecting this radiance from you at Easter! Startled? No, nothing is impossible with GOD, now is it?! Do you know whom GOD loves quite particularly? The sinners, the weak. All they have to say is: „LORD, help me!“ – As Peter did: „Help me, I am sinking!“ – „You of little faith, come!“ the SAVIOUR replied. Amen!

**Choosing What Is Most Pleasing to GOD
Being Pure for Easter Graces**

My dearly beloved, today you have to seek the good. For example, you cannot attend a Holy Sacrifice of the Mass, if the priest at the Altar does not believe in the transubstantiation of the bread and wine into the Body and Blood of CHRIST. More than 50 per cent of all the Catholic priests no longer believe in this transubstantiation! Where do you find a more precious pearl than the one here with us? Not because of us, but because of our mission, because GOD is being loved and honoured here. You could give up everything else for the sake of this one precious pearl, as today’s Gospel says. We should go where it is most pleasing to GOD. Because there GOD’s graces are flowing lavishly.

Pleasing GOD

None of us can compare himself with Mary, the Mother of GOD, with st Joseph or other great Saints. But we surely strive to become holy. My only care is to please GOD in the process. As a youngster I once said to the SAVIOUR: „You know, if I could just once do something for You to make Your Countenance light up with joy, it would be enough, then You can wipe me out.“ After all, it is for Him that we live! Likewise, it is Him we want to please! It is indeed beyond understanding that we can make this supremely powerful GOD, whom the whole universe cannot contain, even happier, give Him an extra joy. Therefore, seek and choose in everything always the better part, the part that is more pleasing to GOD!

The time will come when you, overflowed with joy, will find out how greatly GOD has counted this in your favour! It seems to me that the SAVIOUR often thinks less highly of His own deeds which He worked on earth than of what a poor human being does to please Him. Why? Exactly because we are poor creatures who have to fight for GOD.

‘Cleaning out’ the House

We should be soldiers of CHRIST. Are we? – Also when choosing our reading matter? In the Gospel it was said: „Once again, the kingdom of heaven is like a net that was cast into the sea and caught all kinds of fish. When it was full, they pulled it up on the shore. Then they sat down and collected the good ones in baskets, but threw the bad away.“ Should we perhaps not also go ‘fishing’ in our own homes, throwing the bad things away, keeping the good things?!

It is no use if I pay a visit unexpectedly and people rush to hide certain magazines and the like under a cushion. In most homes there are such magazines, sometimes even porn magazines, which are poison! This should in fact not be the case with us any more, now should it? For that is the most piteous thing there is. Since there are, after all, so many beautiful people to be seen in real life, you surely do not need a piece of paper, do you?! If you see a good-looking person, can you admire them and say: „GOD, You created something beautiful!“ Small wonder. GOD thought it up.

My dearly beloved, it is actually also part of our preparations for Easter to ‘clean out’ our homes, to again remove all that is bad. How often are there Bibles or other religious writings at homes, which are not at all in line with Catholic teaching, e.g. from Jehovah’s Witnesses and so on. Just because there is possibly a wonderfully beautiful, apparently Christian image depicted on it, people consider it alright. In the homes of some Christians you will even find the Koran. The Koran or any books about other religions should only be read by someone appointed by the Church for that purpose. Because then they also have the

strength and grace not to become entangled in it, that no bad seed may find its way in them.

Magically Charged Statues and Figures

You will not in the least believe how dangerous esotericism is, especially the curiosity to see miracles arising from it. Sometimes it is done so shrewdly. They usually tell you only part of it, then you read it through and realize that that is not all yet. Then you are supposed to buy this or that book or some magazine in addition and so it goes on and on. You do not even notice that, in this way, you become ever more deeply involved in it. – For meditation a simple cross would suffice.

If, heading towards Easter, you remove all the bad things from your homes, you will see how you are relieved afterwards. Also elf figurines, Buddha statues and the like simply do not belong in a Christian home. I am well aware that they are considered art or antique. But you have no idea how such statues and figurines often contain little, magically charged notes and therefore have an effect. There are also statues that are even charged by a magician or a sorcerer prior to selling. As a result your house might occasionally be haunted or there are just problems, there is no harmony, there are troubles in the cowshed and so on. It is for that reason that I say ‘clean out’! – If you are not sure about dubious reading matter, you may show it to me. I will have a look at it, but I will not burn it myself, unless you want me to. It is like a seal of confession to me.

Open Your Heart to the Abundant Easter Grace

Therefore, prepare yourselves for Easter, so that I can give you through the Easter blessing so much that rivers of graces will flow! This is not difficult for GOD, but your hearts must be open. Take the opportunity to go to confession at Easter! Because in order to receive abundant graces, your hearts must be pure. If it contains coffee grounds – that
