

be able to resist changing for the better. You can bill me for it." Some will be startled when I utter this last sentence. Oh, in that case you do not love GOD! What then could GOD do to you that is not good for you?

You simply cannot expect the SAVIOUR to return on the earth in human form to work a miracle on those who are a nuisance to you or to preach them and thus show them His love so that they will mend their ways. GOD will take you that you may show them GOD's love.

### Christian Example

If the Christians would be a living example of love, as the SAVIOUR taught and showed us, then we would probably have no schisms in the Church, no Muslims and so on. For in that case people would say about the Christians: „Look how much they love one another! Go and visit them and you will find an unbelievable peace in their homes, which will give you a sense of well-being.“ Amen!

## The Murder of Innocent Children Putting up with Those who Are a Nuisance

My dearly beloved, the innocent children killed by Herod no longer need our prayer. But I know billions of other murdered innocent children. It is estimated that every fifth pregnancy is terminated nowadays, or rather, every fifth child is murdered by his own mother in the womb – mostly at the hands of physicians. That makes about 45 million children every year! How great must GOD be that He is so patient and still sits back and watches! These children are deprived of the opportunity to love GOD on earth. GOD is deprived of the opportunity to love each single one of these human beings during their life on earth. I speak now not only to you who are present but I say it to the whole world!

### 45 Million (Legal) Murders Every Year

What do you think of these billions of aborted children? It was gruesome for the mothers at the time of Herod when they snatched away the children from their mothers' breasts and killed them. But if only you could see what happens at an abortion, when this little child is sucked out of the mother's womb with a vacuum extractor! The suction is so strong that the child's body is torn to pieces. If the little head is too large, it will be crushed with the forceps and then removed piece by piece from the mother's womb. The unborn child utters terrifying screams – and this happens 45 million times a year! The number of unreported cases is even higher. The procedure is not carried out helter-skelter, but even takes very long. And in order to prevent the surgeons from thus coming to their

---

senses they do not say for example: „Is the little head already out?“ but: „Is number one already out?“ The parts of the child’s body are numbered.

### **GOD Bereft of Joy**

The murdered child has his eternal blessedness in Heaven. But GOD has been deprived of the joy of having a child on earth that says: „Dear GOD, I love You!“ The whole Heaven lights up at such words! That is why the children who are still innocent are so much enclosed in my heart. If you knew what GOD feels when He looks at an uncorrupted child. I do not think that I am exaggerating saying: He cannot gaze his fill at such a child. That is what He is deprived of.

### **Intercessors for the Children**

Should not we, therefore, often say: „GOD, I love You!“ Even if we are grown-ups, we should talk in our hearts with Him like children. For in our hearts we will always be children before GOD, no matter how old we are. – We can call on the innocent children for many matters, especially you parents can do so if you have difficulties with your children when they do not want to give due honour to GOD, not want to say: „GOD, I love You!“ Because on earth the innocent children were not able to say: „GOD, I love You!“ they will at least be able to help your child say it.

### **Murder of the Souls of Children**

If we consider the sins of man to be a tree with branches, then the murder of innocent children is one of the biggest main branches. Now most people will think of such children as are aborted. No, my dearly beloved, this is the smallest branch. Much crueller is the murdering of the innocent souls of children – that is the most horrible thing! When the body of a child is killed in a mother’s womb by abortion, there is a terrible trembling in Heaven. But when the soul of a child is killed, GOD will cry out loud in Heaven and with Him the whole heavenly Host! These children are not robbed of their earthly lives,

---

but are robbed of their eternal lives, the everlasting bliss of Heaven. And this murdering occurs continuously, e.g. by false teachings of priests, catechists, but also by parents who fail to check on what their children see or get to see and many more things.

### **Putting up with Those who Are a Nuisance**

You want to live according to the Main Commandment, to love GOD and neighbour? Then bear in mind that part of it is also: to put up with those who are a nuisance – and consequently to convert them, but not with words, but by being a living example of love and by never ceasing to forgive. Love believes all things, hopes all things ... (cf. 1 Cor 13,7) Does your neighbour not have the right then to be the way he is? Does he, like a clone, have to live exactly the way you do, to your taste?

Love of neighbour is not just that I feed the hungry, that I am kind, but consists also in putting up with him. If you say to someone: „It is not right the way you do it. That is not love of neighbour as it should be!“ It indicates that you yourself do not have the love of neighbour either. Is it not written: „GOD causes the sun to rise on the evil and the good.“

### **Togetherness – an Orchestra**

In an orchestra there are many instruments. The transverse flute and the kettle drum do not sound alike. In the long run, it would be dreary to listen to the kettledrum alone, but in the orchestra it is irreplaceable, it gives the whole orchestra its rhythm. So the kettle drum is an important instrument even if it only goes boom boom. If the instruments in the orchestra become one with one another – that is fantastic! So, too, is it among human beings.

Putting up with those who are a nuisance! In doing so, you can demonstrate how great the power of your prayer and your suffering is by putting in a good word with GOD for those who are a nuisance, that He may have mercy on them. And if you have the courage, then say as I do: „LORD, give them so much grace that they will no longer
