

## Parents' Heart's Blood for Their Children

How many parents pray for their children who ignore GOD, and they see no change for the better. And yet the SAVIOUR showed me that exactly these mothers and fathers who are suffering from it are the ones saving children whose parents do not pray for their children. Parents' heart's blood is needed for children to mend their ways. So many parents do not bother about it because they do not care about their children's doings. Therefore, GOD takes the heart's blood of these good parents and allows them to suffer longer than would be necessary for the conversion of their own children, so as to save other children, too. Amen!

## Sermon of the *Schwert-Bischof*

### Sodom and Gomorrah Reaching out to Make Peace

My dearly beloved, GOD has created a wonderful world without stain and blemish, and man has destroyed it and continues destroying it. If there were a different god unlike our own GOD, he would have been compelled to strike long ago. But our GOD is so extremely great, all He needs to do is say: „Enough now!“ and then He makes everything new which was ugly and broken. That is the reason why He can wait so long.

#### A Broken-off Branch

It is about time that I start uncovering. In the Internet shocking false facts concerning the faith are presented by theologians and other people. An example: a parish priest under the jurisdiction of the bishop of Chur (Switzerland) blessed two lesbian women in the church. (According to NZZ news, the parish priest allegedly said that the blessing has not been essentially different from a marriage ceremony.) To which the bishop of Chur, bishop Huonder, replied that he should retire, he can no longer be a parish priest there. If he insists on exercising the priestly office in the future, he should go to the diocese where he was ordained. In the meantime, 32,000 people have registered, who oppose the bishop's decision. The parish priest refuses to leave. He apologises by arguing that the regional church council has thus decided.

Have the clergy already come to the point that they no longer know whom they have to listen to, whom they have to answer to?

---

The church council cannot pass on grace to the priest. A priest without a bishop is like a broken-off branch, withering gradually. Why? Because he does not have the whole fullness to uphold and perpetuate a Church. He cannot ordain priests, he cannot consecrate the Holy Oils. He does not have this authority which the high priest has and therefore the priestly power will eventually be dead. On hearing about 32,000 people voting against the bishop, I see another Sodom and Gomorrah in the Church. At that time, three young men came into the city together with Lot. You can imagine that these young men were Angels of extraordinary beauty, which is why the people of this city wanted to sin with these young men at all costs. That goes to show how corrupt these two cities were. Have things changed today? They even resist a bishop and the priest does not rely on the bishop but on his laymen, they are important to him. Of course, it is possible that a bishop does not act in the spirit of GOD, then it is one's duty to resist him in the face, but, needless to say, with decency.

If two homosexual men or lesbian women move into an apartment, love each other and have the wish to live together as siblings, I would have no objections, but carnal intercourse, sex between them is not allowed from GOD's point of view. GOD did not create sexuality for this purpose, because that is not love, but self-gratification which GOD cannot turn into something good. Homosexual couples cannot comply with GOD's command: „Be fruitful and increase in number!“ Unnatural fornication is a sin that cries to Heaven!

### **Reaching Out to Make Peace**

My dearly beloved, wherever I look I see people who have lost GOD or believe that they know how GOD is, that they know GOD's thoughts. This grieves me very much. In the Bible there is a very clear word of JESUS:

Mt 5,23f: „Therefore, if you are offering your gift at the altar and there remember that your brother has something against you, leave your gift there in front of the altar. First go and be reconciled to your brother; then come and offer your gift!“

This also applies to the case when you have not yet forgiven a person.

So what do I have to do if I want to live according to GOD's word? If I do not tell people what GOD would like, I am not perfect in GOD's eyes. If I tell people what GOD would like, I may suddenly have fewer people. But do not be afraid, I will not judge people like a traditionalist judging merely according to the law, because I know that you are not computers who can be fed with the law by punch cards. You are living creatures and, therefore, imperfections are understandable. That is why I ask you: „Are you willing to make peace again?“ If only we understood: who is pleased if there is no peace? Your Guardian Angel or the evil spirit, the devil? Remember that we please the devil, but not GOD, if there is no harmony! Sometimes people come into our house with a horrible oddity of a figure behind them, totally in control of this little human being. If one wants to help this person, he rejects: „Oh no!“ His Guardian Angel is standing ten metres behind him while the Evil One controls him.

How are we supposed to be able to fight against the extremely powerful evil spirit, if we cannot even offer peace to men? If you absolutely want to fight, then do not fight the person whom you dislike, but the Evil One in the skies! That is what it boils down to! You must simply reach out to make peace. It is up to the other person to accept it or not. You at least are clean before GOD; you have done what He wanted you to do. You would be surprised what a relief it will bring inwardly, especially if family members are at loggerheads with one another, which is very painful. After all, you do not know when you will die – it may happen any moment. At the churchyard there are also tombs of young people who mostly died unexpectedly either by a traffic accident or by diseases which quickly led to death. – My innate Rhine Valley stubbornness will not allow me to let anyone who put his trust in me fall prey to the devil. Perhaps someone leaves us to go to another church. As long as the Sacraments in this church are valid, I do not worry too much. But if Catholics go to the Pentecostals or such sects that do not have any Sacraments, I am quite concerned.
