

The "Our FATHER," the "Hail Mary," the "Glory be to GOD" are prayers which came from Heaven. The SAVIOUR taught us the "Our FATHER," the Angel Gabriel and St. Elisabeth said the "Hail Mary," the "Glory be to GOD" was recited by the Angels, which is in fact the shortest prayer that everyone can pray at odd moments. You do not necessarily have to pray it, it suffices to think it. Think from your heart about what you say, otherwise GOD will hear you all right, but He cannot do anything with it, He does not like it. Of course, you can briefly say: „LORD, I want to pray very well now in order to please You, but look at my wretchedness!“ In that case He will accept your prayer. You cannot even call out "ABBA," if you are not being prompted by the SPIRIT of GOD. Therefore, the HOLY SPIRIT enables us to, He is the connection to Above. Our heart-drawn sighs are not our own, but His. Amen!

## **One GOD – Three Persons A Dwelling for Eternity**

My dearly beloved! How do we begin? In the Name of the + FATHER, of the SON, of the HOLY GHOST. Amen! Now you have been embraced by the Most Holy TRINITY, so the LORD tells me. But remember, at the same time it is the entrance to GOD, as if we were to enter a consulting room, which each separately can go into and talk to Him. Therefore, we should open the door properly with a decent sign of the cross, not in a somehow slanting way, otherwise it will be jammed and you will not come near to GOD. If you felt the love of the Most Holy TRINITY and GOD did not hold you, you would be blown to smithereens in a millionth of a second, because our weak bodies would not yet be fully able to bear all this, so powerful is this love! How do we go through our lives considering this supremely powerful love? Compared to GOD, I am a terribly weak little human being. I want to be saintly, not for myself but for Him, so that GOD can look at me with pleasure and delight. His joy is my joy.

### **Most Holy TRINITY**

TRINITY and yet only one GOD – thank GOD no man can grasp that. Einstein once said to Cardinal Faulhaber: „Eminence, what would you say if we, mathematicians, mathematically proved to you beyond doubt that there is no GOD?“ They were intelligent people. To which the Cardinal replied: „I would wait patiently until you had found your miscalculation.“ Good reply.

How is it possible that in the One GOD there can be three Persons? A simple example as a comparison: take three candles, light them, then you have three candles and three flames. But if you hold the three flames together, you have three candles and one flame. If this is possible in this simple example, how much more will it be possible with GOD! There is absolutely no discussing it. There are also, for example, three numbers that can be multiplied and yet add up to only 1, although the number appears three times:  $1 \times 1 \times 1 = 1$ . Shall I give you yet more examples? A human being also consists of three entities: body, spirit, soul. The tree has roots, trunk, branches.

The SAVIOUR did not say: „I go into the FATHER,“ or: „I will be received by the FATHER,“ but: „I am in the FATHER and the FATHER is in Me!“ It should be the same in marriage: being all wrapped up in each other. But often the partners live just somehow alongside each other, parallel, two-track, like two facts existing alongside each other. This is wrong! Because the One and Triune GOD, whom we believe in, forms a relationship with one another: the FATHER loves the SON, JESUS, and the SON loves the FATHER. And this love of the FATHER to the SON and of the SON to the FATHER is the HOLY SPIRIT.

Why is the Most Holy TRINITY my be-all and end-all? I was caught up to Heaven three times and the Triune GOD showed Himself to me. I love Him more than anything! But I was not able to do this of my own accord nor have I achieved it by some or other power or piety, definitely not, but I was granted it. – I once asked GOD why He had chosen me, of all people, for this task. Then the SAVIOUR said in His loving nature: „You know, I have sought the weakest person in the world and for this task you were the weakest!“ This weakness, however, comes with an advantage as well: I cannot say no to GOD.

### **Pleasing GOD with Little Things**

What kind of dwelling would you once like to have in eternity? A bad, dusty and mouldy one? Or would you like to have all the beauty in Heaven? If you want the beauty, what do you give the SAVIOUR in

return? What kind of dwelling will you give the SAVIOUR in your heart? It is worth considering. Do I have the right to expect GOD to have to prepare for me something fantastic Up Above, if I do not do so for Him here on earth? In that respect, I do not think that you just need to be on your knees all the time. However, when fighting certain battles, it would be good to go on your knees, it is in fact one of the most powerful weapons against evil, because the devil cannot knock you down when you are on your knees. Prayer is always vital, but first priority is to discharge the duties of your station well and then please GOD simply with little things. In the beginning you may have to remind yourself of it repeatedly. Someone looks at me in an unfriendly way, my reaction: „Well, LORD, it's not that bad. Please, forgive him!“ It might not be so easy at first, but you will grow into it with time. If you have no worries, well, then you are doing fine. But if you are having a hard time, offer it up to GOD. I guarantee that you will be able to smile in the greatest misery if you learn to simply offer your hardships up to GOD. You can even be happy in the process, because you have something to give to GOD. I do not wish for you to suffer, but if you do, I would wish for you to manage to gild it.

### **Heartfelt Prayer**

Look at a flower. It is GOD's love that invented this flower and gives it to us as a present. Someone said to me: „Just look, this wonderful flower is a new species!“ I answered: „Well, that is no big deal, after all, diversity comes from GOD, He put it into it! It is His fantasy for us. May He be praised and loved!“

Praying is something very good, but if your heart is not involved, it is just waffling. GOD may hear your words, but they are not spicy. It is like a black pudding: it can be very well spiced in certain places, in other places not at all. The same goes for prayer: if it is not well spiced in your heart for GOD, you can be praying for hours – you'd better not –, it will achieve nothing. Lip service without heart is worth nothing.
