

would need them in huge numbers, but not everyone is called for it. Also people with other vocations are needed. If you are going through suffering and you do not have a second heart that rejoices at it because you can offer it up to GOD, you are not called to be a victim or atoning soul. If someone believes that he or she is a victim or atoning soul, then, please, ask me first. Because quite often such people came to me who said so, and I did not accept it. But they did not listen to me and have lapsed from faith. Because you cannot be a victim or atoning soul on your own initiative or wish to be such. Only GOD or the Mother of GOD can grant it to a person, because you need their special help for it. Other people are simply harassed by people, who in some cases are not even malicious, but they are just, unknowingly, instruments from below, as I am an Instrument from Above. Therefore, I could try to help them with prayer or blessing. Oh, nothing is more gratifying than to be able to shower presents on GOD, to give Him pleasure with what we come across every day. Amen!

## Hard Times GOD Always Forgives

My dearly beloved! Hard times are coming our way. I would say that they are already there, but mankind does not see this hugely tremendous battle in the skies between the good and the bad angels. They also still fail to see how the falling away from faith is progressing in the world, how wars are spreading everywhere.

The "Islamic State" (IS) is spoken about a lot and what they are causing. How is it possible that these IS-people can overrun two, three countries simply like that, destroy whole villages, bomb cities – and that in the 21st century? They say that it happens in the name of Islam. But I say that for them it is not about Islam, but about power and fanaticism. Nonetheless, the people in the European countries say: „You must be very nice with the Muslims, otherwise you are racist.“ I am not against the Muslim, against the Islamist, I am only against Islam. Why are the Muslims becoming more and more powerful in the countries, the cities, the villages, and are increasing in numbers? Because the one with the two horns is controlling the game: Satan.

Precisely in a little town like Wil, near St. Gall, people thought that it might be good to admit a Muslim woman to the municipal authorities. Her first official act was: „The crosses in schools must be taken down!“ And no one from the People dared to protest. Even the high-ranking members of the municipal authorities did not dare to say anything, they feared they could be held to be racist

after all. So the Christian must knuckle under Islam. But no wonder: evil can only rise if the good is lazy, lethargic and lukewarm.

### **Saint Michael Salt**

Now is simply the time when the Evil One will always try to snuff out every little remaining light he still sees in the world. Of course, you need not be afraid that he will come and blow, but he uses many other things for this purpose: diseases, bodily pains, hardships, spiritual, mental problems or harassment by others. You know that I have sacralised Saint Michael salt – and why? In order to convert people? No, in order to reveal whether some person or other who is given a little pinch of it belongs more to GOD or to the Evil One. Nevertheless, in case of negative reactions one cannot say that these people are demon-possessed or will go to hell when they die, but sometimes they are controlled by the devil in a special way when they have abandoned GOD or hardly bother about Him any more. Such people fly into a tantrum saying: „What you have there is poison!“ or they become vehement in some other way. If you experience such things, pray for them or just light a blessed candle for this person or community. In any case, it would be advantageous to always have blessed candles at home. Of course, you can tell a clergyman or the Sword-Bishop directly in order to obtain the blessing for this person.

### **Penance on Earth**

Many people say: „You see, those who are not interested in GOD are doing well! They obtain good jobs ...!“ and I don't know what all. Oh, such thoughts can also be found amongst our people. But then please talk to me, tell me if you have a problem. I mean, such difficulties have been existing all along, only in Paradise was everything top-notch. Then people just started doing things of which GOD had said: „You should not do that!“ And what happened? They were thrown out! Why have Adam and Eve been subjected to such a great penalty

---

just because of an apple? Because they had more or less seen GOD, they knew Him, He came to Paradise from time to time talking to them. And yet they allowed the serpent to beguile them, or rather the woman, and the man was led astray by the woman. Who was more intelligent? The serpent or the woman? The serpent, of course, the Evil One was inside it and he was once the most high-ranking, greatest angel: Lucifer, Leviathan. And this was the one sin which caused them to be thrown out of Paradise. How great is sin today?

„Forgive us our debts, as we also forgive our debtors ...“ Do you really believe that, if you do not forgive your neighbour, GOD will forgive you in the confessional? It does not matter whether the other person accepts your apology or not. You must simply forgive. How many people have lived on earth from the beginning of the New Testament until now? How many sins have been committed? How many people have there been on earth ever since, whom GOD had to forgive again and again? People keep saying: „LORD, forgive me!“ And although people keep sinning, GOD forgives time and again.

Let us just talk about the terrible burden of sin on earth due to the continuous child murder, one of the most brutal things. People do indeed remember the slaughter of Bethlehem's infants, but that is not even a fraction of a tiny speck of dust compared to what is happening today. Billions of children are slaughtered, with acid, by suction, their bodies are actually torn apart – and they are living innocent human beings! And GOD forgives every sin. There is not a sin that GOD would not forgive, if man repents.

### **Victim and Atoning Souls**

If you suffer hardship, you can tell us. We bless, we help, but consider: what do we want to convert people with, save them from hell, if we do not want to go to some trouble for it? If we just only say: „That is the way it is,“ we will achieve nothing. You know, I am not the one to tell you that you must be victim and atoning souls. Admittedly, we
