

## Fatherly Bishop

I am not just an ordinary bishop. I was called to be a fatherly bishop, rather than a titular bishop. It means that I care for every single person. If you have worries or difficulties, please tell me. For I have been destined for this purpose from Above. I cannot be taking your diseases away from you all the time, that's all in the past, but in the meantime the sinfulness in the world has so greatly increased that GOD has withdrawn far away and said: „Well, you people, suit yourselves!“ But I keep trying again and again with GOD. I want to be able to help everyone, though sometimes an infirmity or an accident is permitted by GOD so that man may find the time to think about things: „Where am I? Where do I stand? Where do I go when I die?“ Death is nothing you should fear, my dearly beloved. Do right and you won't have to be afraid at all. Do right and you are saved! Amen!

## GOD's Big Bang of Creation Mystery of Faith

My dearly beloved! Lately I have heard a highly educated person say that the New Testament has been tampered with by the clerics, by the Vatican, and so on. What nonsense! Because in that case you would also have to say that Moses, Daniel, and so on had already written things incorrectly since in those ancient texts of the Old Testament you can partly find a very clear account of what is going to happen in the New Testament. Of course, Sacred Scripture was translated again and again and so it is possible that occasionally certain things were not translated clear enough such as: „You shall not kill.“ Well, in that case we would no longer be allowed to kill any animal, or a soldier would not be allowed to kill the enemy in the event of a war, and so on. No! If you wanted to translate this sentence literally from Aramaic into German, it would say: „You shall not murder.“ That is a huge difference. If, for instance, I have to kill an animal for food, it is all right. But if people slaughter masses of animals like they do in the United States only because of the money, often they slaughter more than is necessary for living, then in my eyes it is murder because the animal is also animated by life.

### The Big Bang at Creation

Today people talk about the Big Bang, as they no longer believe in the creation of the world by GOD, but it is supposed to have happened of its own accord. Intelligent people, animals, which

---

also have feelings, flowers, and so on, all that is supposed to have come from nothing? My dearly beloved, from nothing can come but nothing, absolutely nothing! However, the idea of the Big Bang is not unfounded. An example: Do you believe, when the good GOD created the stars, that everything happened so gently and modestly: here a tiny star, there a tiny star, over there a tiny star? I tell you, if GOD creates such things, there is a supremely tremendous bang! When GOD spoke: „Let there be! Let there be made!“ that was the Big Bang! – Actually, one should tell all those who do not believe in GOD: „Even if GOD did not exist – I know He does exist; I do not believe, I know! –, I would much rather now believe in GOD because faith will help me through all the hardships. When I eventually die, and there really were no GOD, then it does not make any difference anyway because I had a better life through my faith in GOD. But if there is GOD and I do not believe in Him and die thus, what will happen to me then? – Everyone can decide for themselves.

### **GOD's Words are Unambiguous**

So many priests – I won't even tell you how many, it would be shocking – no longer believe that through transubstantiation the wafer and the wine turn into the Body and Blood of JESUS CHRIST. But what did the SAVIOUR do? At the Last Supper, He had already consecrated bread and wine in advance: „Take it, this is My Body! ... Take it, this is My Blood! As often as you shall do it again, you shall do it in remembrance of Me,“ – better translated as „for perpetual renewal.“ And today it is changed, they say the SAVIOUR did not mean it literally, but symbolically. No, the SAVIOUR has never spoken vaguely. He spoke clearly. After all, He Himself said: „Let your 'yes' be 'yes,' and your 'no,' 'no'!“ Therefore, GOD's words cannot be changed. At the Last Supper, in His Divinity He put Himself in every future Holy Sacrifice of the Mass and anticipated what He was to accomplish at the Cross. For He did not die only as a human being, but as MAN-GOD, and, being GOD, He can do things beyond our comprehension. – A comparison: it is as if, at the beginning of the Holy Sacrifice

---

of the Mass, we enter a time machine, setting the year at 33 and then we are at Calvary at the event of the Sacrifice of JESUS CHRIST on the Cross.

A priest can only transubstantiate if he is validly ordained and believes. In the Church it is called “mystery of faith.” But how is it if the priest no longer believes? There are more such priests than you might think, incredibly many! Surely, as a result no transubstantiation will take place any more, and you will no longer receive the SAVIOUR, but simply a wafer, a little biscuit cake base. The more pleasing to GOD the priest is, the more graces he will obtain from GOD for himself, – he, too, needs them –, and for those present. These graces – the Precious Blood of JESUS CHRIST – will be poured out throughout the whole world too.

### **The Tridentine Mass**

There are many rubrics which must be observed at the Tridentine Mass, for example about how many times the priest folds his hands, about how often he bows deeply, about how many times he only bows with his head, and so on. How can the priest be still freely involved with his heart if he has to concentrate so carefully with his head? I, too, once celebrated this Mass, it is a work of art, accepted by GOD. But then GOD told me: „Nikolaus, please write another Mass, because this Mass does not even once contain the word love, and yet it is GOD's greatest work of love!“ I was so taken aback – to me the Mass is the ultimate thing – so that I said: „I certainly cannot do that, SAVIOUR! I am not able to! Who am I anyway?! The Pope and those who have five, six doctorates should do this, professors, but not me of all people!“ Ten years I resisted doing it and then GOD suddenly made me stand at the altar like a chucklehead. I simply couldn't remember anything, although before I knew all texts of the Mass inside out. Then came the quiet answer from Above: „Now go and write!“ Then I wrote this new Mass, today's version, in three to four days. It will be slightly abridged later on. It always depends on the people who attend the Mass, whether their hearts are ready or not.
