

what I said! I have killed people!" – „I heard you loud and clear. What else do you want to confess?“ To which he replied: „GOD certainly cannot forgive me any more, can He?“ I gave him the answer: „Now you have committed from my point of view a tremendous sin, a pride unheard-of!“ He startled and I explained to him: „You said that you have committed such a grave sin, which GOD cannot make up for any more! So you are stronger than GOD!“ At the end he said that I should now give him a great penance, to which I answered: „Now you are proud again. Do you believe you are already capable of doing such a great penance required for the sin you committed: having killed GOD's children!? No, take a stroll out into the woods, whistle full of joy with the birds at the top of your voice that GOD has granted you this grace and has forgiven you. The penance will come later when you are strong enough.“ Amen!

Abandonment of Faith Heartfelt Faith

My dearly beloved! Things are looking very bad with regard to faith in GOD. There has been a survey in Switzerland: Only about 37% of the people still believe in GOD. This does not mean that they actually go to church on Sundays. So one can figure out that not even 20% still go to church on Sundays, but even then we have to lower our sights here. Who only goes for show or just because it is decorum? The numbers should even be more curtailed if only those were counted who simply go out of love because it says: „The SAVIOUR will come down from Heaven on the Altar into the sacred Host.“ All this should actually be a telltale sign of how appalling things are for the Christian faith.

Things are changing rapidly and they are not getting any better. Many young couples do not even want to have GOD's blessing for their marriage any more for it to be a Sacrament. They no longer have any clue about GOD's instructions. What did the SAVIOUR say to the Apostles? „Teach them to obey everything I have commanded you!“ People today do not want to do that any more. And since the young parents have no inkling any more about faith, they will not bring their children up in religion either. Perhaps there are still parents who say: „Oh well, if our children want to go to Mass on Sundays or be instructed by the priests, they are free to do so.“ But then it is almost too late, because education already begins in the mother's womb. The child in the mother's womb feels whether or not his mother is looking forward to

his arrival. He senses her feelings, also when she is praying, experiences joy, gives or receives love.

Why Do Unbelievers Often Fare so Well?

We are living in very hard times. It is the time when also those who are pious and religious, who are even pleasing to GOD, suffer from diseases and greatest worries. We do not manage to make all our good wishes come true. Because the Church is on such a decline, how should things take a turn for the better? For this purpose these pious people can indeed offer their suffering up to GOD. And if they have good priests, they can receive the strength to bear it. – Why are people who completely ignore GOD, yes, even rant and rave about faith and condemn everything that is sacred, doing so great? Because GOD is just. Now on earth it is the unbeliever's turn to have a good time, the others will have a good time afterwards. Normally, no human being is out-and-out evil. If a person should have the dreadful, everlasting misfortune of being rejected, damned by GOD, he must needs be rewarded by GOD for righteousness' sake for the few good deeds he did on earth. If you see someone who is totally against GOD, who scoffs at everything sacred and yet he is doing well, then do not think: „Ha ha, you are going to hell!“ No, in that case it is your duty to pray for him. By praying I do not mean praying twenty rosaries, but sending up a thought, a prayer of petition to GOD for this person. So, let him who thinks he is standing firm today, be careful that he does not fall tomorrow.

The Main Commandment

It is true that many say they believe. However, when asked about the seven Sacraments, they cannot name them; if you speak about the Holy Oil, they are not familiar with it. Well, there are even clergy who do not so much as know the Main Commandment: „You shall love the LORD your GOD with all your heart, with all your soul, with all your mind and with all your strength!“ This is the first Command-

ment. The second, however, is as important as the first: „You shall love your neighbour as yourself.“ Even if a human being does terrible things, you must love this person, but you should not love what he does. If you love GOD, you will automatically also love what GOD loves. GOD the FATHER would love to regain what belongs to Him, that is, His children. Every human being received the body from his father and mother, and spirit and soul from GOD. Father and mother are responsible before GOD to make every effort – they will not always succeed – that their child may return to GOD after his earthly life. If nothing helps any more, then pray if you would – another option would be making sacrifices.

Faith without Works Is Dead

As the body without the soul is dead, so also faith without works is dead. A dead faith is of as little worth as a dead body. How often have I seen that those people who still pray the Rosary or engage in bigoted talk are dead in their hearts themselves. Faith without heart is outward appearance. If someone does something pious, it can also be just outward appearance. Faith in the heart must radiate from the eyes! The soul is never dead as long as a person lives, but she can be completely covered over so that she can no longer shine. Therefore, she can be cleansed, first of all through sorrow and repentance with a Confession. Many people shrink back from it. Confession is salvation, liberation! How many say: „After Confession I feel hungry, I could munch away!“ They want to celebrate because they feel relieved.

If someone is converted, wants to start all over again and is overjoyed, he usually makes the mistake of wanting to pray, pray, pray, Rosary after Rosary, having devotions yet again, and so on. It is exactly the same as when someone, who goes to Confession for the first time, asked to do great penance. When a mafia hitman – he has already passed away – came to me in the confessional and said: „I have killed people!“ he expected me as his Confessor to be shocked. My answer was: „All right, go on! Anything else?“ – „You have not understood
