

came out of it again and led a decent life. That is what GOD's grace can do.

Unfortunately, many people are bothered by someone else's character. But is it not just quite interesting to study the other person? Everyone has their own character, and GOD has created everyone in a completely distinct way. The question remains what a person makes of it. Every human being has good traits and bad traits in themselves. Why does GOD do that? So that we may earn Heaven. And what do you want: to be for all eternity with GOD or without GOD – to go to Heaven or hell? You decide with your life. The HOLY SPIRIT will help you! Ask Him! Amen!

Whitsun Working of the HOLY SPIRIT

My dearly beloved, today we celebrate one of the greatest feasts: Whitsun! It is the great feast, when the Apostles were gathered around the Mother of GOD, the HOLY SPIRIT came with a mighty roaring from Heaven filling all, so that without fear they went out preaching full of fervour to the people.

One thing must be clear: no one, not even an Angel of GOD can explain to you what the FATHER is, what the SON is, what the HOLY SPIRIT is. As a child I was so annoyed, and even today I am annoyed at the way the TRINITY is most commonly depicted. For example, you see the Almightyness of GOD, the FATHER and the SON, and if you look closely, you see a tiny little Dove above them, representing the HOLY SPIRIT. I saw it differently. As a nine-year-old boy I was caught up to the Most Holy TRINITY and I first saw them in three Persons. I will be brief about it because it is impossible to describe anyway. As I have repeatedly explained, I went to the FATHER, then to the SON, and coming to the HOLY SPIRIT, His figure disappeared, the third figure, and turned into a giant fire. It was a sun, greater than all the planets together, without a beginning, without an end, and yet I was allowed to look out over it, but its sheer size was unfathomable. And when I was told to now go to the HOLY SPIRIT, I did hesitate for a moment – for a moment I did not dare to go into that fire. But being the kind of GOD He is – you cannot say no to Him – and so I just went; it was something wonderful. I felt like being wrapped in plush, like being in the divine, motherly womb of the HOLY SPIRIT.

The SPIRIT of GOD Was Hovering over the Waters

Why did the HOLY SPIRIT also show Himself as a Dove? Well known, for example, is the Dove at the Annunciation when Mary conceived the SAVIOUR through the HOLY SPIRIT, as well as with John the Baptist when he baptised JESUS. Why does the HOLY SPIRIT appear in this way? – Sacred Scripture says: „The SPIRIT of GOD was hovering over the waters.“ It is not written “GOD the FATHER,” not “GOD the SON,” but “the SPIRIT of GOD,” the HOLY SPIRIT. And now I will tell you why He appears as a Dove: because He is so powerful, so supremely powerful, that He is beyond our ability to fathom Him out. We would be afraid of this incomprehensible power! Therefore, He comes gently like a Dove, which we do not fear.

My dearly beloved, the HOLY SPIRIT is the One who hovered over the waters and created. He is the Worker in GOD TRINITY. It is so hard to explain. Actually, He is – I will now tell you something which could be misunderstood – the motherly side in GOD. GOD does not think as human beings do. GOD the FATHER is from everlasting to everlasting, the powerful GOD the FATHER. And His SON is not less. But what would these two be without the HOLY SPIRIT? These two Persons, FATHER and SON, are so supremely powerful! Indeed, this is evident from the HOLY SPIRIT, who is so powerful that He is a Person Himself.

We are Temples of the HOLY SPIRIT

One might say that the HOLY SPIRIT is the love of GOD. Especially the woman, the female being, is credited with thinking with the heart rather than with the mind, with reason. Do not ever think that the mind is cleverer. The heart is cleverer because in the heart is the temple of the HOLY SPIRIT. But it is clear that, if we go too far in offending or disregarding the HOLY SPIRIT, He will leave, because the HOLY SPIRIT blows wherever He pleases.

Perhaps, for instance, someone has been given a grace from GOD as a child, but throughout life it has been overgrown with a crust. If

one day the grace of GOD comes down once more on this person, the heart will open up again. In this context the rose of Jericho comes to mind. You can just leave it in the attic or somewhere else for years. It looks like dry brushwood, almost like thorns, completely withered. But as soon as you put it into water, it opens up and becomes green again. With people I sometimes observe the same thing. Therefore, I do not judge a person who no longer bothers about GOD, who does not know about GOD any more. Of course, it hurts because I think: „Oh, if you could only understand how beautiful GOD is and what you could do together with Him if the HOLY SPIRIT dwells in you!“ For a person can be awakened to new life for GOD as long as he lives.

GOD Creates the Soul of Every Human Being

None of you has been cloned by GOD. Everyone is, I primarily mean the soul now, “handmade” by GOD. Everyone is especially made – even you – no matter whether you are a saint, or just a godly person, whether you no longer bother about GOD or have a different faith altogether. GOD Himself created the soul of every single person. And you know who the Worker is: the HOLY SPIRIT. Therefore, everyone could find GOD, if only they were willing. But GOD does not say: „You must!“ He leaves it up to you: „Are you willing?“ Giving it a try will not harm you, don't you think? What does the world say: „There's no harm in trying!“

What I experience inwardly from Above is so beautiful. I cannot but laugh about this silly world. I fear no one, not even the devil, and I know him, I stood face to face with him. I do not even fear GOD – I just love Him. Of course, then again that is also grace from Him. I am happy and thankful when He allows me to live well; and if I am not doing well, I thank Him twice. Suffering and hardships are the best teachers of life, making you strong and perhaps having you say when you have regained your senses: „My GOD, what have I actually ...!“ I know people who made big mistakes, lapsed into grave sin,
