## The Three Days of Darkness – Preparations for the Future

My beloved! The Prophet Jonah received the command from GOD:

„Go to the city of Nineveh and say, in forty days I will destroy the city!“

Why? So that many can still be saved, be converted. Jonah went there and prophesied this in the city. When the king heard this, he rose from his throne, took off his magnificent robes, wrapped himself in an old sackcloth, went through the city and proclaimed that everyone should do penance and fast, even the animals. And then it says so beautifully in Holy Scripture: “GOD repented ...”, and He did not destroy the city. Thus, even today GOD can still be persuaded otherwise that the prophecies may be changed a little or the people be spared, depending on how the people behave. Normally, man does not recognise what GOD has in mind. Prophecies may come true, but not necessarily so. GOD does not give them for man to interpret, but, when what has been foretold comes to pass, that they may remain calm and remember that it was prophesied all along. But I can tell you one thing: The coming battle will only be comparable to the battle that once took place in Heaven between the sons of light and those of darkness.

You do keep hearing about the three days of darkness. My beloved, if I could tell you what that means, I would, but I cannot say, for it is divine. Before that happens, there will be a divine warning. The warning will be so tremendous that every human being, even the pagans in the jungle who are not yet known, still running around stark naked, will experience through GOD’s grace that GOD exists. Everyone, even an astronaut in space, will feel in one moment how GOD sees him, how he stands before GOD. Everyone must decide: GOD or Satan! Are you for GOD or are you for Satan? Are you for the laws that GOD gave, or are you not? You will decide accord-

ingly: Heaven or hell! Many will die of fright and countless numbers will be converted. That will be Mary’s triumph then: the conversion of these people. The so-called pious will become a mob and will nail the priests who led them astray to the church doors, so that the priests’ blood will flow into the churches.

Then comes something enormously terrible, I might even say: the holy wrath of GOD! Do you know what that is? Hell will be emptied; the devils will be released. The demons will run around on earth and tear out the hearts from those who are not for GOD and take them with them to hell. No man could bear to see such a thing without dying on the spot. That is why it is said that one should not look out of the window at that time. I advise you, if you can, to cover the windows so that you cannot see outside, for this is the wrath of GOD, and the wrath of GOD is holy and should not be seen. We humans are too unworthy, too insignificant to be allowed to witness the holy wrath of GOD. Think of Lot’s wife: She looked at GOD’s wrath and what happened? She was turned into a pillar of salt. Under no circumstances should you open the door because the demons will take on the voices of your relatives or acquaintances in order to deceive you. No human being who will at that time be outside of the house will still be alive. GOD will make sure that all good-willing people will then be in a protected place.

### Preparation for the Three Days of Darkness

Put your life in order today – not as late as tomorrow – so that you may lead a GOD-pleasing life. Go to Confession because in the Sacrament of Confession, the ordained Priest absolves you of your sins in the name of the FATHER, of the SON, of the HOLY SPIRIT.

Then you will again be as pure as you were after Baptism. In addition, you will receive new strength and regain the merits lost through sin.

I have one more important request: just check your book collection at home. For example, esoteric books as well as books about foreign religions such as the Koran, the Mormon Bible or the Bible of Jehovah's Witnesses have no place in a Christian household. After all, the first Commandment of GOD is: „I am the LORD your GOD! You shall have no other gods before Me!“ Amulets, Buddha statues or even images of witches and the like should be removed as well, even if they are nowadays regarded as souvenirs, fashion items or mere decorations. Do not forget that these images are assigned to the Evil One and are sometimes also charged with black magic. The Evil One can claim ownership of them; he appropriates this right for himself. With GOD it is different: He only works when a sacralised Crucifix or a sacralised medal is venerated too. – Also see to it that you have a holy water font that you can place at the entrance to your home. Every time you come home or leave the house, cross yourself with holy water saying: „All evil away from me, will You, JESUS CHRIST, reign in me!“ Bless your purchases and especially your food with holy water. The world today is full of devilish cobwebs, and even the most pious person who passes through them becomes entangled in them. With holy water, you can free yourselves from them again.

Beg GOD daily for love according to the Main Commandment: „You shall love the LORD your GOD with all your heart, with all your soul, with all your mind and with all your strength!“ and: „You shall love your neighbour as yourself!“ Love for GOD is the only and strongest force for what is coming our way.

For many years I have been preaching that every family should create a GOD's Corner at home. Especially for the three days of

darkness, you ought to have a sacralised Crucifix, that is a Cross with the body of CHRIST on it, a sacralised candle, a prayer book, a sacralised Rosary and an image of Mary, the Mother of GOD, holy water (containing highly sacralised Michael's salt) and, not to be forgotten, blessed matches (if possible) or other firelighters. The sacralised candle will burn for as long as the darkness lasts.

There are those who stock up on excessive food reserves. A normal supply is not bad indeed, and is also recommended by the government. But believe me, during this three-day period of darkness you will not feel any hunger, and even if you could, you would not eat anything, but would pray on your knees, trembling. To all those who cling to GOD and trust me as GOD's personal Instrument, I will be able to give GOD's protection. The protection of the Ark works, no matter where you are. GOD will miraculously protect His own.

### The Wonderful New Era

I can tell you one thing: When all this is over, nothing at all out there will be as it used to be. Everything will be destroyed by GOD's holy wrath; think of Sodom and Gomorrah. And the world today is even worse than Sodom and Gomorrah, much worse, because we are redeemed ones. After the divine purification, we will witness a paradisiacal state, and it will be our heavenly Mother Mary who brings it. Because GOD loves His Mother and will allow her the joy of appearing, of spreading her hands and everything will become new and beautiful again – a wonderful world! There will be no more electricity, once again horses and carts will become the means of transport, and everything will be handled in a simple manner. The Angels will show themselves to us and teach us how to plant and do this and that work. GOD said to me, I will still live to see the beautiful time, but someone else will reap. Amen!

**Be blessed by GOD TRINITY,  
the ✚ FATHER and the ✚ SON and the ✚ HOLY GHOST. Amen!**
